ParQ

- URBAN LIVING, EMBRACED BY NATURE -

Smart Luxury & Lifestyle

ParQ consists of two iconic buildings: Sky, with 19 floors, and Horizon, with 9 floors, both of which also include commercial spaces.

The project features sustainable architecture, with every detail designed to maintain a unique connection with the surrounding landscape.

HORIZON

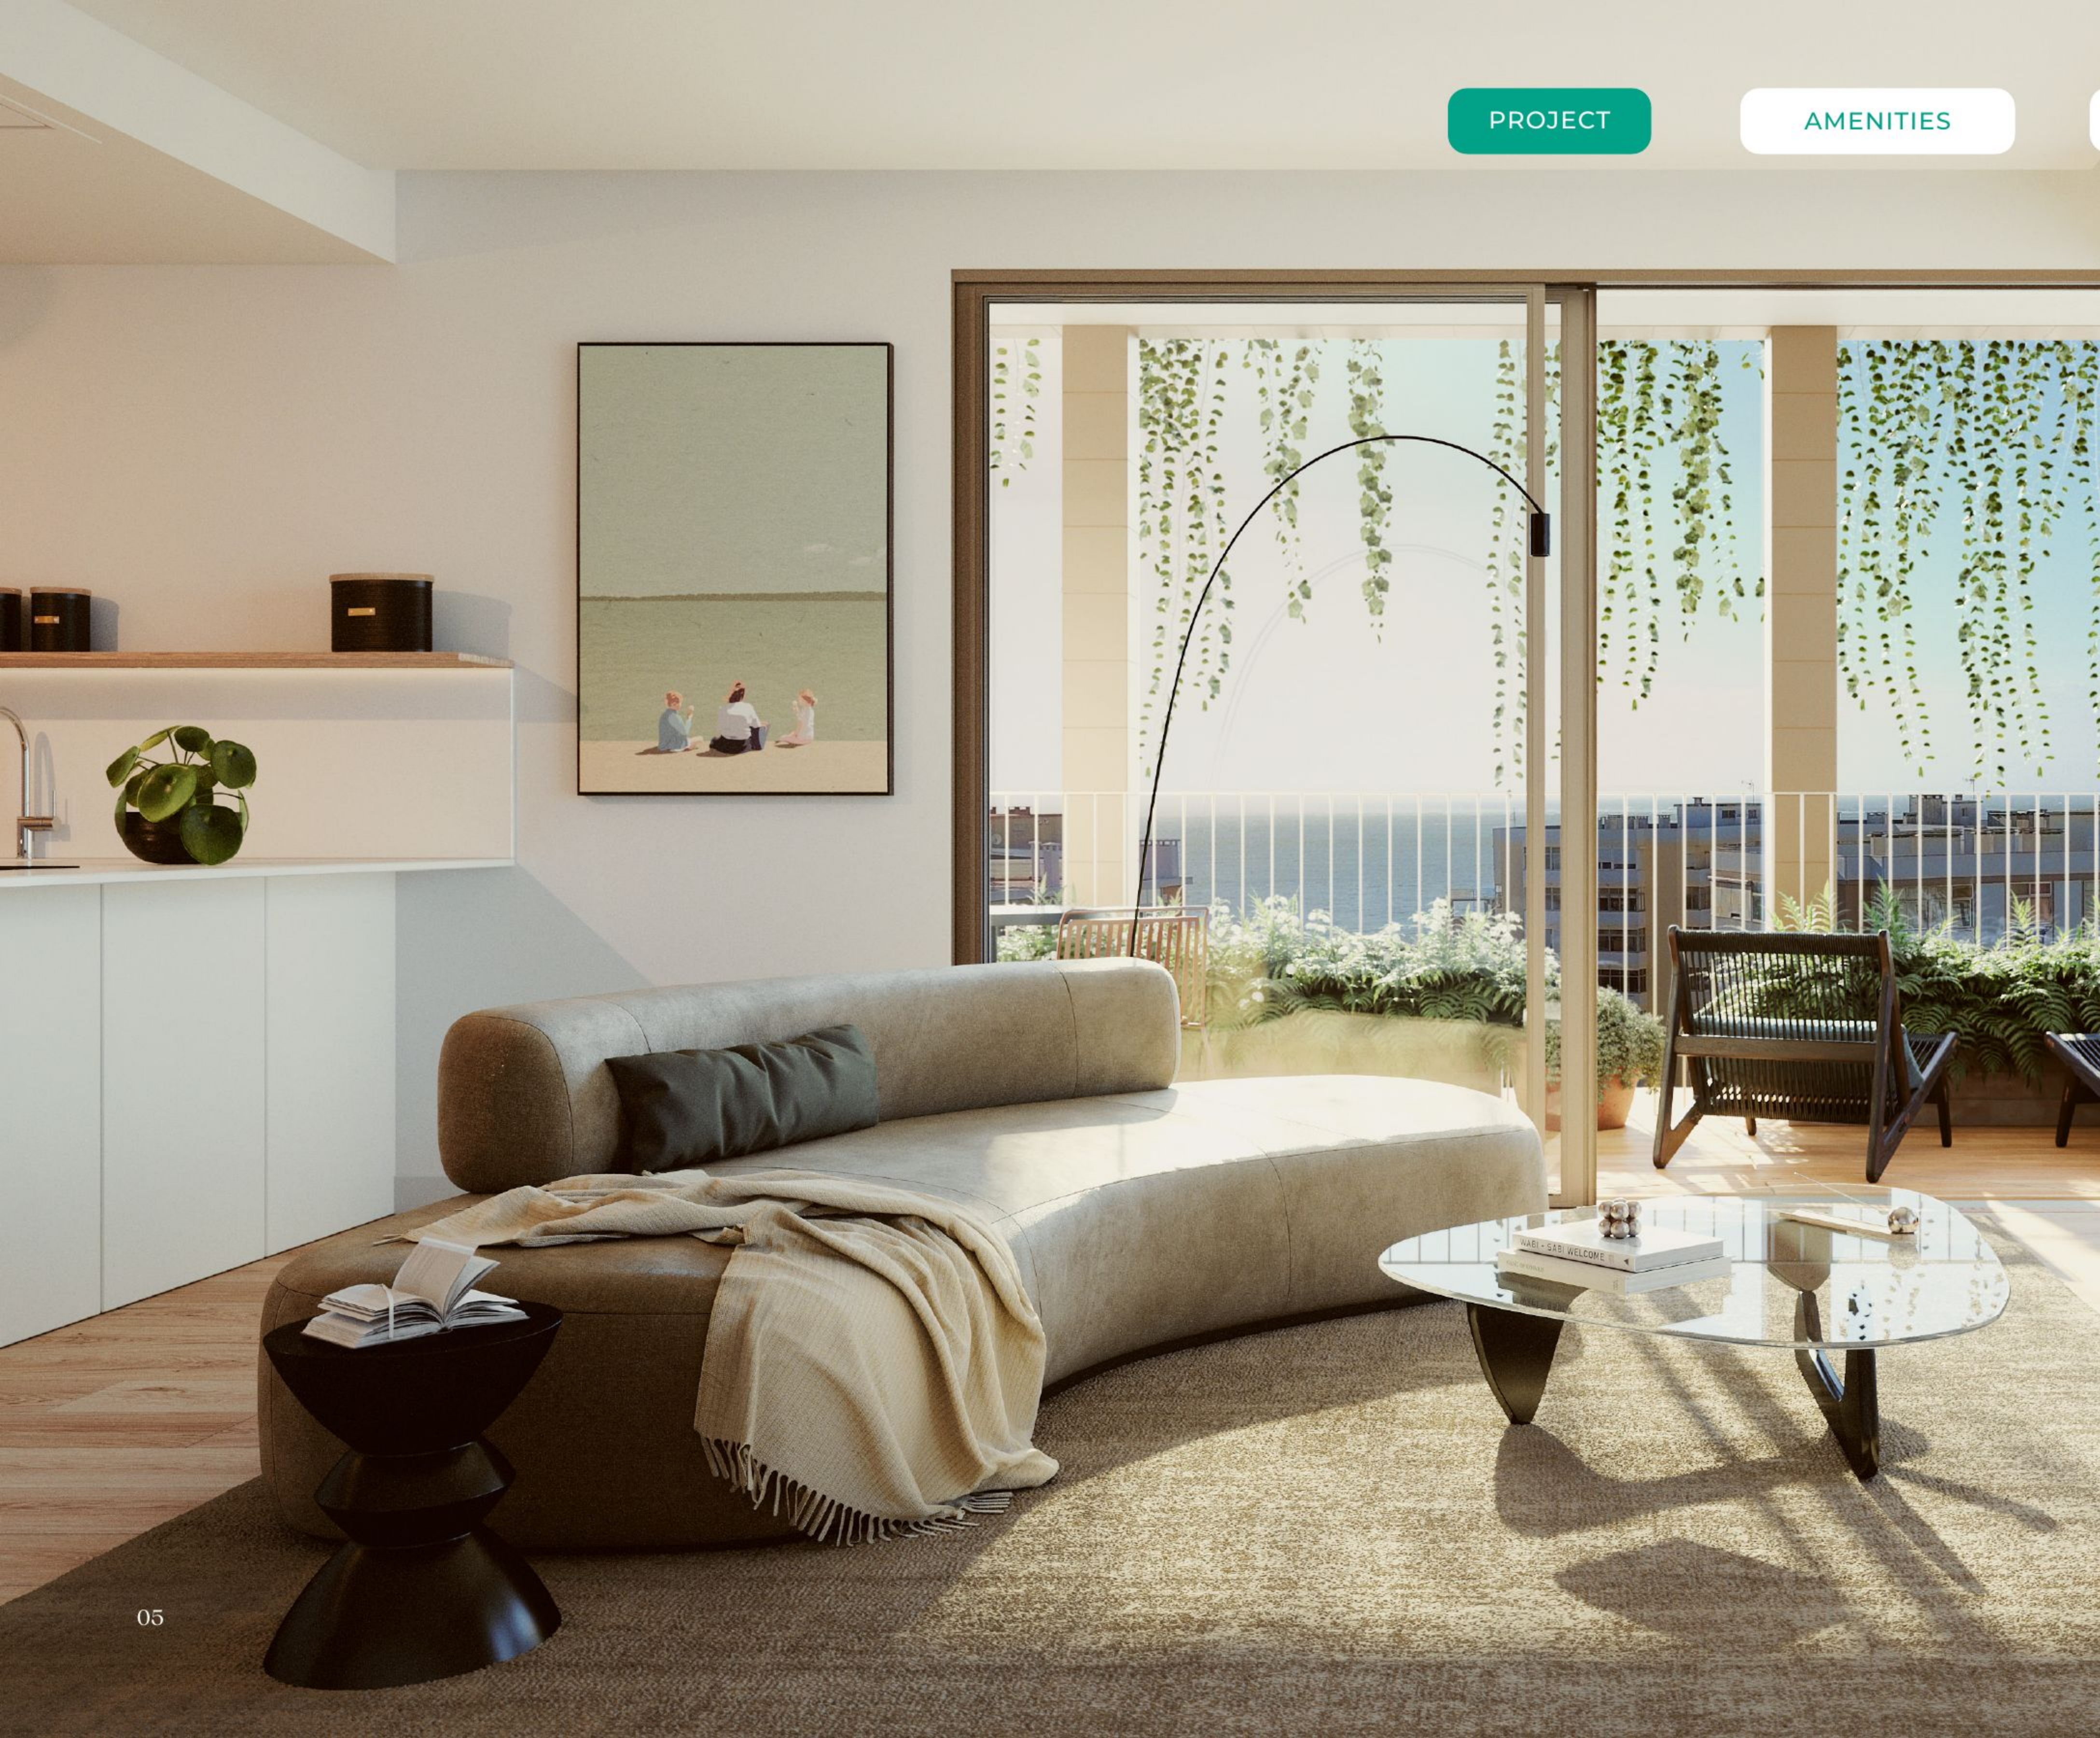

The best of Oeiras, at your window

Experience a place where exceptional design meets the natural beauty of the landscape, creating a unique and harmonious atmosphere.

Enjoy the proximity of the beach and be captivated by stunning sea views, complemented by exclusive amenities and generous outdoor spaces. Picture yourself waking up to the sound of the waves and witnessing a breathtaking sunrise over the ocean from your balcony, or ending the day with a serene walk through Poet's Park, just a few steps from home.

HORIZON

Designed for
Your Rhythm

With 123 apartments ranging from 1 to 4 bedrooms, Horizon offers a complete lifestyle, from the moment you leave home to the moment you return. Just steps away, Poet's Park offers what the city rarely gives: silence, greenery, and space to breathe.

CONCEPT

Where the city meets nature

Horizon is born of a clear vision: to bring nature into urban life, without sacrificing comfort or design.

Set within ParQ, a concept that redefines urban living by integrating the tranquillity of nature into every detail, this green oasis in the heart of Oeiras offers a high-quality environment for a comfortable and relaxed life, providing a truly unique living experience.

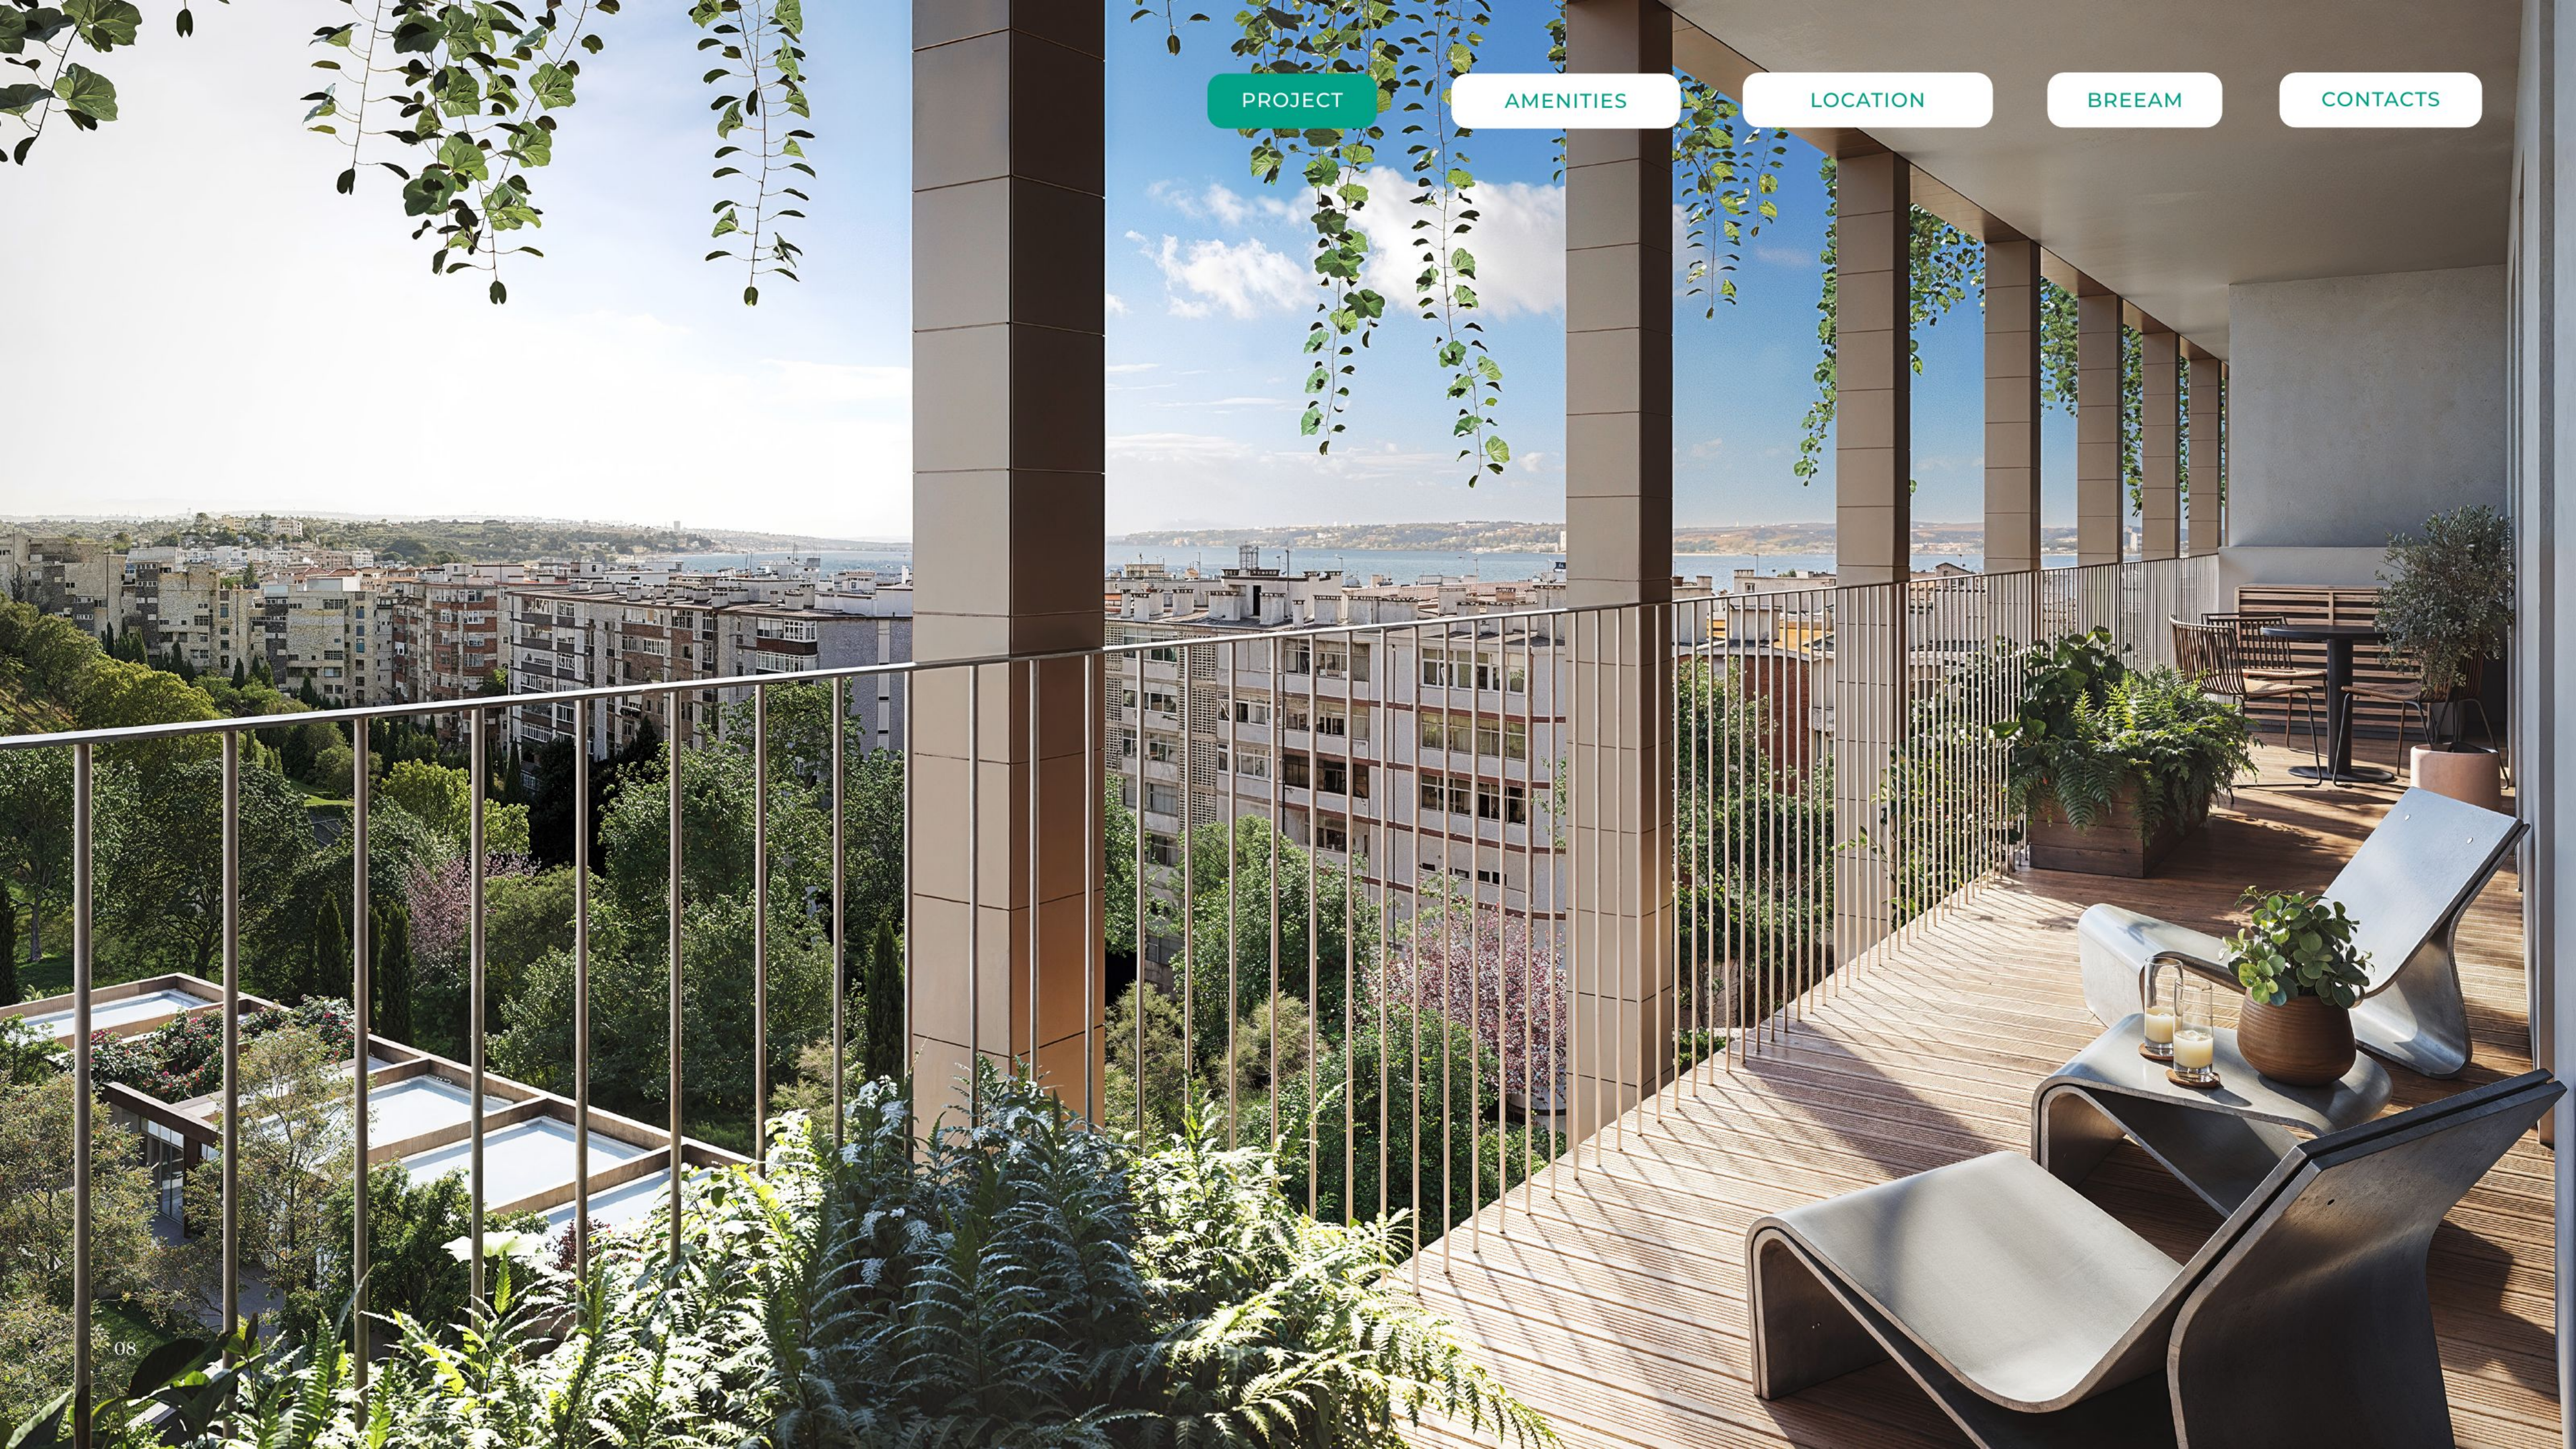

PROJECT

A dialogue with the city

With 9 floors of sustainable architecture holding BREEAM certification, Horizon was designed to engage with the city in a direct and human way. Every design decision, from materials to solar orientation, from volumes to green integration, reinforces the connection between the building and the landscape that surrounds it.

Designed to stay

The interior and exterior engage in a natural and continuous dialogue. Thoughtfully designed to maximise light, ventilation and the visual relationship with the surrounding greenery.

First-class finishes, generous proportions and constant attention to detail create spaces that are a pleasure to be in, and even better to stay in.

BREEAM CERTIFICATION

BREEAM is a holistic sustainability assessment system that measures sustainable value across a range of categories and validates performance through certification by independent bodies. Each category addresses key factors such as low-impact design and carbon emission reduction; project durability and resilience; adaptation to climate change; and ecological value and biodiversity protection.

At Horizon, **EV charging points** allow vehicles to recharge overnight at home. The **passive design, with high-performance insulation and glazing**, keeps each home cool in summer and warm in winter. **High-efficiency taps, showers and sanitaryware consume a third less water**, and **top-rated appliances reduce daily energy consumption without compromising quality or performance.**
